

March 1, 2022

Dear Student,

Just a quick reminder that the Colleges Student Vaccine Mandate is now in effect and we want to make sure you have a "Cleared for Campus" status in time to attend your class at the OCC Waterfront Campus.

The Colleges are using Cleared4 to manage the mandate and each student will have a private link to access Cleared4.

Please take steps to enter information into Cleared 4 ahead of your class at the Waterfront Campus (OCC School of Sailing & Seamanship or the Professional Mariner Training Center).

**Steps for Vaccinated students** - accept the disclaimer and proceed to upload each vaccine date and a copy of your vaccine card for each date entered (you can use the same image).

**Steps for Unvaccinated students** - accept the disclaimer and proceed to decline to provide proof of vaccination. Follow the prompts for next steps and you will be entered into the testing protocol. A negative Covid-19 test result, dated within 7-days of your class, must be uploaded not less than 24 hours prior to your class start. If your class meets weekly a new test result must be uploaded each week.

If you have not received a link, or is unable to find your link please, reply to this email or call us at 949-645-9412 so we can re-send your personal link.

Thank you,

Orange Coast College  
Waterfront Campus
