

April 26, 2022

Dear Student,

At the April 20 meeting, the Board of Trustees acted to end the vaccination mandate with testing protocol and the mask mandate on June 1.

These mandates will not continue into the summer session. Students who have requested an exemption from vaccination and have been testing weekly will need to continue to test weekly through May 20. If you have been testing on-site the last day that testing will be provided will be May 20. Similarly, May 20 is the last day when students who test off site need to upload test results to Cleared4.

Students attending an in-person class at the Waterfront Campus must continue to upload vaccination information or a negative test result through May 20, 2022.

Wearing masks indoors will become optional starting on June 1 and is strongly recommended.

If you have questions, please contact:

Orange Coast College studentmandate@occ.cccd.edu, or The OCC School of Sailing & Seamanship at 949-645-9412 or customercare@occsailing.com

Thank you,
